## EDUCATION

### •N.M.A.M Institute of Technology

B.Tech in Computer Science & Engineering

2024 – 2028

Percentage/CGPA: **7.97**

### •Vidyodaya PU College

Karnataka State Board, (Class XII)

2022 – 2024

Percentage: **96.17%**

## TECHNICAL SKILLS AND INTERESTS

**Languages & Databases:** Python, JavaScript (ES6), HTML5, CSS3, SQL, MongoDB

**Frameworks & Libraries:** React.js, Node.js, Express.js, Tailwind CSS

**Developer Tools:** Git, GitHub, Render, VS Code

**Core Fundamentals:** Data Structures & Algorithms, DBMS

## PERSONAL PROJECTS

### •Interview-X | Real-Time Mock Interview Platform 🚀 🔄

May 2026 – Present

Full Stack Developer / MERN Stack, Stream SDK, Clerk, Inngest, Tailwind CSS

- Developed a real-time interview preparation platform with collaborative coding, video calls, and integrated chat.
- Integrated Clerk authentication, Inngest workflows, and Stream SDK for secure real-time communication.
- Deployed full-stack application using Render with integrated MongoDB and third-party service APIs.

### •The Ultimate Chef | AI-Powered Recipe Generator 🔄

Feb 2026 – Present

Frontend Developer / React, JavaScript, Groq API

- Developed an AI-powered recipe platform that generates recipes from user-provided ingredients.
- Integrated Groq API for real-time recipe generation with markdown-based rendering.
- Built a responsive React application using reusable and modular components.

## ACHIEVEMENTS & CERTIFICATIONS

### •freeCodeCamp JavaScript Developer Certification

Jan 2026

- Successfully completed approximately 300 hours of JavaScript development training and project-based learning.

### •HackerRank Python (Basic) Certification

Apr 2025

- Cleared HackerRank Python skill certification test covering Python fundamentals and problem solving.

### •AWS ML Learning Plan Certification

May 2026

- Completed AWS training covering machine learning fundamentals and cloud-based AI concepts.

### •Participant – Hackfest 2026

2026

- Participated in a collaborative coding and innovation event focused on technical problem solving and teamwork.

## POSITIONS OF RESPONSIBILITY

### •Member – Finite Loop Club

2025 – Present

Technical and coding club focused on programming activities and collaborative learning

- Actively participated in coding events, technical sessions, and collaborative learning activities related to programming and problem solving.

### •Member – Stereo Club

2025 – Present

College singing and music club

- Participated in singing activities and cultural events while collaborating with club members in music performances and competitions.
